

Greetings and Hi from Mohs Tax Service!

Summer is almost over...can you believe it? Well we still feel we should not raise prices this year as the economy is still in trouble. So we will offer a prepayment discount like we have in the past two years.

The prices per form are on our web page or you can call and we will pull your folder and tell you which forms you usually do.

- ↪ If prepaid in September you will get a **15%** discount
- ↪ If prepaid in October you will get a **10%** discount
- ↪ If prepaid in November you will get a **5%** discount

Prepayment is only available on 2011 Tax prep services. It is not available for accounting, audit representation, payment negotiations, offer in compromises, payroll, W-2s, 1099's or consulting services. It is also not available for catching up on old years of filing, but we are certainly the ones to help you get caught up - so if you have a friend in trouble pass them our name and phone number.

My prices for next year are now posted on my website at www.mohstax.com

You may prepay by sending a check or call and use a bank card or credit card.

I will only notify those clients that have current emails in our tax software. Share this info with family and friends especially if they do not have email.
Thank you.

To prepay by check just pick which forms you want to prepay and take the percent discount according to when you mail your check. If additional forms are needed then you would only pay for those additional forms at your appointment time, Please write "Prepay-2011" on the memo of the check and tell us which forms you are prepaying.

If you want to prepay by debit or credit card over the phone just call the office at 612-721-2026 and tell the secretary that you want to prepay and which forms you are choosing to prepay and they will help you out. For December we will not be offering a discount as we will be open limited hours with the holiday break.
Thanks and we are looking forward to 2012 getting here...

Thank you and hope all are doing well and better this year.

Lynda and Office Crew
